Twig Designed by Jamie McLellan for Fletcher Systems ©

Twig wins the HOME Magazine Design Awards 2009 judged by Ed Barber, co-founder of eminent London design firm BarberOsgerby. Resembling a tree limb, the dowel profiles reduce in thickness towards the top, providing material substance where needed and clean junctions between sections.

Available in Ash timber with a raw finish and steel base.
PAINTED FINISH NOW AVAILABLE

1730mm high (first hook is at 1100mm from floor)
